

Quality Report

Brand : Dr. Baumann

Product : Liposome MultiActive Super Cure

Q	Ingredient	Description	Function	Source	Page
+++	AQUA	The human body exists for about 65% out of water and is of vital importance for the functions of the body and the skin.	solvent	INCI/EC	List
+++	LECITHIN (AND) WATER (AND) ALCOHOL	Is the correct INCI-name for liposomes. They raise the skin humidity level to the maximum, transport the skin friendly vitamins and other active substances into the skin. On the base of their high concentration of poly-unsaturated fatty acids they have a great effect against pimples. Multilamellar liposomes = microscopic little hollow balls that form themselves through mechanical fine distribution of phospholipids under certain conditions. Resemble the construction of the cell membrane of the horn layer and increase the barrier function whereby they increase highly the skin moisture. Also have a carrier function for water-soluble active agents, but also lipophile substances as well as vitamins. Size: between 20 to 300 Nanometer. The smaller the liposomes are, the deeper they can penetrate into the skin.	antistatic agent / emollient / emulsifying agent	Wörter	165
+++	LECITHIN+OLEUM OENTHERAE BIENNIS +TOCOPHERYL ACETAT+RETINYL PALMITAT	Lecithin+evening primrose oil+vitamin E and A. Lecithin is a complex combination of diglycerides of fatty acids linked to the choline ester of phosphoric acid. High concentration of essential fatty acids, similar to those of the human skin. Evening primrose oil has a very high concentration of gamma linolic acid, essential to the human skin and body. Vitamin E and A are essential vitamins for the human body and skin.	antistatic agent / emollient / emulsifying agent	Wörter+Ku	274+167
++	BUXUS CHINENSIS	Jjoba oil = Oleum Simondsiae Chinensis. Very good natural wax that is very similar to the waxes in the human skin. Jjoba, ext. Extractives and their physically modified derivatives such as tinctures, concretes, absolutes, essential oils, oleoresins, terpenes, terpene- free fractions, distillates, residues, etc.,	emollient	OEKO	333

		obtained from <i>Simmondsia chinensis</i> N., Buxaceae . It consists primarily of the glycerides of the fatty acids (<i>Buxus chinensis</i>)			
	BUTYLENE GLYCOL	Butane- 1, 3- diol. The best alternative for propylene glycol (PG can cause irritations).	humectants / solvent	INCI/EC	List
+++	GLYCOLIPIDS(AND) PHOSPHOLIPIDS(AND) SPHINGOLIPIDS	Complex of lipids, that are an essential part of the hydrolipid layer of the skin and of the skin itself. Important lipids in the deeper layers of the epidermis. Out of these fat substances ceramids for the barrier function of the horny layer are being developed within the upper skin layers.	NS	Kurs+Wörter	138+111
+++	PANTHENOL	Provitamin B5 or D-Panthenol. Inflammation impeding and anti-irritating, firming, humectant. Penetrates deeply into the skin, water binder, transformation to pantothenic acid in skin and hair, strengthens hair roots and - shafts, causes coloring of the skin, protects against exzema, brittle and chapped skin.	antistatic agent	INCI/EC	List
+++	UREA	Is an essential element of a healthy skin and the natural moisturizing factor (NMF or Natural Moisturizing Factor) of the skin.	antistatic agent / humectants	INCI/EC	List
++	OLEUM SESAMI INDICAE	Sesame oil. High concentration of essential unsaturated fatty acids, prevents fast oxidation and absorbs UV-rays.	emollient	SL	381
	TETRAHYDROXYPROPYL ETHYLENEDIAMINE	1, 1', 1'', 1'''- ethylenedinitrilotetrapropan-2- ol	chelating agent	INCI/EC	List
	SODIUM CARBOMER	No further information was found.	viscosity controlling agent	INCI/EC	List
+++	ALLANTOIN	Occurs in many plants and the human skin. Has wound healing and smoothening properties, accelerates the cell regeneration. Especially suited for the treatment of acne. Metabolism product of the human body. Has a stimulating effect on the forming of new cells as well as recovering stimulating qualities.	NS	Wörter	16
+	CHAMOMILLAE E FLOR	Camomile oil = Oleum Chamomillae e Flor. Camomile oil, calming herbal active agent.	botanical	OEKO	299 + 300

Total score of this product: 80/100

Total : 13 ingredients

7 ingredients are perfect for the health of your skin (+++).

2 ingredients are very beneficial to your skin (++) .

1 ingredients are beneficial to your skin (+).

3 ingredients are neutral and don't have any clear positive or negative effect on your skin.

0 ingredients can damage the health of your skin and should be avoided (? or ???).
